100-point wine-scoring scale:

95–100 – Exceptional
90–94 – Excellent
80–89 – Very good
70–79 – Acceptable
60–69 – Unremarkable, but not faulty
50–59 – Not recommended.

Coravin - Unparalleled in craftsmanship and design, coravin uses proprietary patented technology to access and pour wine from a bottle without pulling the cork. Wine enthusiasts can now enjoy wine sealed with corks without feeling the need to commit to the whole bottle, allowing them to explore wines of any vintage, varietal or region, one taste at a time.

Grower Champagnes - are those Champagnes that are produced by the same estate that owns the vineyards where the grapes are grown. Récoltant-Manipulant is the term in French, and Grower Champagnes can be identified by "RM" on the wine label. While large Champagne houses, such as Mumm, Moët et Chandon, Veuve Clicquot and others may use grapes sourced from as many as 80 different vineyards in the Champagne region to create a consistent house style, Grower Champagnes tend to be more terroir-focused, being sourced from a single vineyard or closely located vineyards around a village, and made with grapes which vary with each vintage.
